This diagram illustrates the assembly components for a hydraulic pump. The parts are numbered as follows:

- 1:** A small rectangular component, likely a pressure relief valve or check valve.
- 2:** A larger rectangular component, possibly a filter or a control valve.
- 3:** A small component with multiple ports, likely a manifold or a connector.
- 4:** The main hydraulic pump unit, shown in two views: a side view and a front view.
- 5:** A component with multiple ports, likely a manifold or a connector, shown in a side view.

[illegible]

Modelo : BOMBA RADIAL 5.699.0009
